A composite screenshot showing the SimCity DRMLESS server status and the game's main menu. The top-left window, titled "Server Status", shows "SimCity DRMLESS Server Status : Running" and lists three ports (8001, 80, 443) as "Blinded". A warning box states: "Dummy certificate does not seem to be installed. Not able to reach the private server, Origin will not be able to login in to. Not able to reach the private server, SimCity will not be able to login in to." The top-right window shows the Origin "STORE" page with the text: "SimCity DRMLESS Server Beta Release: This is a beta version of the SimCity 2013 DRMLESS Release. Some basic simulation work are still to be installing the game is pretty much as if you were installing the legit copy. No crack to install except that you have windows hosts file and install a dummy certificate so that you can download/update/authenticate into the dummy local/remote private server. Legit gamers should stay away. THIS IS NOT A MOD, this is a crack for an offline single player mode with sav original packages are provided. You can nevertheless install whatever MOD you want. The beta DRMLESS release include the followings : SimCity 2013 DRMLESS Multilanguage Edition (v4.0.1.0) Offline saves No region simulation Work simulation Original Packages es available : Cap Trinity Tutorial Enjoy the game, Zedra pes.zedra@gmail.com". The bottom window shows the "PLAY" menu with "CREATE GAME" selected, displaying details for the "Cape Trinity" region: "Cities: 3", "Great Works: 1", and a description of the region. The Windows taskbar at the bottom shows the Start button, taskbar icons for Indoga, Multimedia, SIMCITY, Server S..., XnView, Origin, and SimCity, and the system tray with GameTools, a clock showing 6:22 PM, and a battery icon.
