SwarPlug's Challenge For Muscle Building Athletes - YouTube The only thing I wish would be different is that I would have known about this product way before now... because I would have started building my muscle years ago. SwarPlug is no doubt the best product on the market for muscle building. One of my personal favorites! SwarPlug & SwarBody - YouTube SwarPlug 2 Wiki

Is swarplug legit?! Muscle Building Products - YouTube I'll say this, the swarplug is one hell of a program. It's not just about bulking up... This program is also very effective at cutting down flabby tissue and keeps those gains not only from being fat hanging around but also from being blown up with water weight. I say that the swarplug is a great product for bulking because it can be used by people from all levels from those who are brand new to the gym to even the seasoned veteran. I've gained about 10 pounds of solid beef without even hitting the weights or doing any strength training. I feel deadlifted every time after using this program and trust me, I've done my fair share of weightlifting. Through years of research, SwarPlug has discovered strategies which help build muscle mass. If you want to grow muscle mass, your main focus should be improved eating habits and improved physical fitness. SwarPlug is not just another muscle building program though. It's a complete online experience...

"SwarPlug takes you through a variety of different stages that the body goes through, and it's all about realigning the body with actual human anatomy."
